

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while
 watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult
 a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

Eye or muscle twitching Involuntary movements Loss of awareness Disorientation

To reduce the likelihood of a seizure when playing video games:

- 1. Sit or stand as far from the screen as possible.
- 2. Play video games on the smallest available television screen.
- 3. Do not play if you are tired or need sleep.
- 4. Play in a well-lit room.
- 5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- · Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- · Do not mix different brands of batteries.
- · Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the
 correct directions. Insert the negative end first. When removing batteries, remove the positive end first.

FAIRS ODD ADVICE

FEELING LUCKY?

You'll want to keep an eye on Timmy's luck during the course of the game. Luck is measured in clover leaves and each time Timmy is hurt he loses a leaf. When the leaves run out, you're out of luck and your turn ends, so pay close attention to the luck meter.

Star meter

Luck meter

Right next to the luck meter at the top of the screen is the star meter. It keeps track of the stars you've collected. When the star meter is full, it'll replenish one full clover of Timmy's luck.

FAIRY POWER!

Throughout most of the game, Timmy's fairy godparents are by his side to lend him a hand. They each have unique abilities designed to help Timmy out of a jam.

WANDA

Wanda has the power to change enemies from one form into another, which can really come in handy when its time to solve puzzles! Use the R Button to activate control of Wanda. Then, press the A Button to launch a star from her wand. If the star hits a morphable enemy, it'll be transformed. Press the R Button again to return control to Timmy.

COSMO

Cosmo has the power to change Timmy into a whole bunch of different forms Each form gives Timmy a special ability, like flying or invisibility. The different forms also have a variety of effects on nearby enemies. Cosmo will alert you when a new form is available. Simply press the L Button to activate the transformation. To change Timmy back to normal, press the L Button again, or just wait until the magic wears off.

THE BIG BOUNCE

A few final words of advice as you sally forth to save the day double tap the Control Pad Down while Timmy is airborne to execute the Big Bounce. Timmy will dive and pound the ground so hard that the whole screen shakes! The bounce stuns smaller enemies in the area and smashes certain breakable objects.

STARS

Collect stars to fill Timmys star meter Remember, when the meter is full, it'll replenish one full clover of Timmys luck

CLOVER LEAVES

A clover leaf represents one unit of Timmy's luck Collect them to extend your turn.

FULL CLOVERS

You've heard of lucky four-leaf clovers? Well one full clover will give Timmy four leaves of luck! Be sure to collect them when you see them

PRIME SIME

Meet just a few of the slimy bad guys standing between Timmy and the Fairy World Crown Jewels.

Anti-fairies are kind of like Timmy's godparents, only evil Avoid them if you can and if that doesn't work maybe Wanda can help you out

Hold your applause Elvis Fairy may look like the King of rock n roll but hed rather bar your way than sing to you

Apes are pretty fierce but easily distracted especially when theres a banana around

Bad news, dinos like to spit at you How rude If you can't teach these guys manners try morphing them

Evil elves? No way Elves are kind and good They work for Santa They d never throw exploding Christmas ornaments at Timmy right?

Keep an eye out for these frisky little piggybanks. If they get too close they listeal your stars and clovers. Defeat them and you'll be richly rewarded.

You'll steer clear of a Jack in the Box if you know whats good for you—unless you actually enjoy being on the receiving end of a giant boxing glove.

Yugopotaimian Guards are mean and hungry creatures. Hmmm I wonder what happens if you feed them?

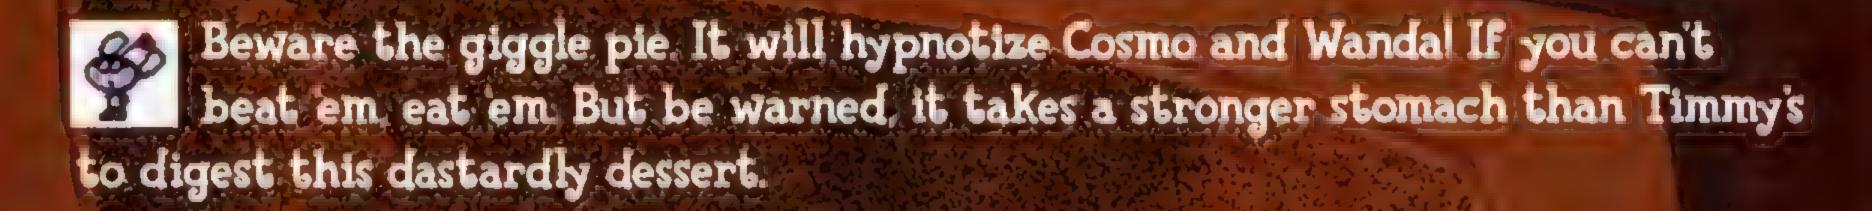

Danger Timmy Turner! You'll want to get out of the way of Yugopotaimian Robots and anything they throw in your direction.

You'll have a ball with these rolling robots of doom. Did I mention they're immune to magic?

to and sales of the sales of the sales of the sales

A word to the wise don't feed the seemingly harmless flowers, Seymour.

They're pretty ornery and they have a tendency to throw seeds every now and then.

Careful these flying saucers will beam up any stars or clovers on screen

Its a short fuse, so you know what that means Its only a matter of time before KA-BOOMI You can pick them up, but you won't want to hold on to them for too long.

manufact of any like of the like of the fit of the little to recent

Friend or foe? Toss Bippy and recover any stars or clovers in his path

Oooh, so sparkly and yet so evill Don't confuse these vile gemlettes with the real crown jewels. Hint, the real jewels won't attack you.

Shadows (not to be confused with the Shadow) creep along the ground and lay in wait for Timmy Watch out

WHO'S THE BOSS

At the end of certain stages you'll face off against the elusive Shadow in various forms. With each encounter he grows stronger and more cunning. Are you brave enough to make it to the final showdown and help Timmy drag the sinister Shadow into the light?
